Voyage through Kengo Kuma's Architecture

Voyage through Kengo Kuma's Architecture

14D / 13N

Summary

Kengo Kuma's Architecture is ubiquitous and revered in Japan. Building with a mission, he helped maintaining tradition of Japanese buildings while modernizing them, thus ensuring their survival into the 21st century.

Specifically designed for Kuma Kengo's architecture lovers and professionals, this fully personalizable journey alternates visits to the most emblematic works from the Architect, with each destination's highlights

You will discover the main cities of Tokyo Osaka, Nara & Kyoto as well as lesser-known cities of Ibaraki and Saitama, as well as a glimpse to the rural Shikoku and Kyushu islands.

Voyage through Kengo Kuma's Architecture
